Archives: This minute book is held by the Canadian Quaker Archives and Library in Newmarket, Ontario in Box 101 (S-101-3).

[Fritchley Meeting](#) is in Fritchley, Derbyshire, England and is still an active meeting. Several Fritchley Quakers established Halcyonia Meeting in Borden, Saskatchewan in 1903. They were part of a western group of meetings in Alberta and British Columbia that met annually. The Halcyonia Meeting is now named the [Borden Meeting of Conservative Friends](#) and remains an active [conservative](#) meeting. Jane Zavitz Bond states that the meeting had an association with the Ohio Yearly Meeting. She adds that the first minute book, Book A, has been lost.

There is an excellent detailed article about this settlement in the Canadian Quaker History Journal, titled [Friendly Influences on the Prairies: The Quaker Settlement of Halcyonia, Saskatchewan, 1904 – 1913](#), No. 78, p. 26- 50, 2013. For a wider understanding of western Canada meetings see [Western Friends: Experience of the Spirit in My Life](#), CQHJ, No. 60, p. 3-14, 1996.

The transcription was coordinated by Jane Zavitz Bond, archivist for Canada Yearly Meeting, and fully transcribed by Sheila Havard and formatted for posting by Randy Saylor. HALCYONIA MONTHLY MEETING OF FRIENDS

MINUTE BOOK C, 1935-1965

*[Page 1 – S-101-3]*

3346 Gilman Terrace,  
Baltimore, Md.,  
5<sup>th</sup> month 16, 1937.

Dear brother Joseph Hinde:

At Ohio Yearly Mtg last fall I had the reading and hearing of the epistle sent us by thy yearly mtg, and signed by thee. I was not the only one that thought that it was an unusually favored document, that is, it stated gospel truth with much clearness. I hope it may be some encouragement to thee and others to know this.

There are many varieties of people labeled “Friend”, and I am sorry to believe that there are many who speak in mtg as Friends who do not know the gospel. They preach, but do not preach Christ as Savior. I heard a young man say in mtg recently that his generation did not understand the language of the church, that such language was worn out or “effete”. I think that when they get really converted, they WILL understand. I fail to see how the World Conference at Swarthmore this fall will help matters, and when I heard that Rufus M. Jones is to be chairman I was very glad my yearly mtg had decided not to send delegates. He is certainly exerting his influence toward a uniting the various branches, and would that I could say, uniting them in the Truth as it is in Jesus, but rather they seem to be coming together with a rejection of the atoning blood of our Lord. I fear so, and am confirmed in my fears by the outspoken rejection of the bible gospel by many and especially in the pamphlets circulated by the “Friends General Conference”. I enclose a recent leaflet of my own, and bid thee and all friends of Christ of thy mtg farewell.

Kenneth Moore

P.S. If thou notices I have two addresses, the one at the top of this letter is temporary - for how long I do not know: mail will reach me either way for the present, the one on the tracts is my permanent address.

### **ADJOURNED MEETING OF HALCYONIA MONTHLY OF FRIENDS**

Held at the Thistle Dale Meeting house on 1<sup>st</sup> Day the 22<sup>nd</sup> of V<sup>th</sup> Month 1938.

1<sup>st</sup> Minute: A concern having been expressed. and united with by this meeting on the subject of Friends attitude towards war and war preparations the committee appointed to prepare a statement to be presented to the Prime Minister as head of the Government at Ottawa has submitted the following:

At this time when the minds of governments and people are so much occupied with war and preparation for war. We feel deeply concerned to reaffirm our ancient belief. That all war is completely opposed to the spirit of love as taught by Christ, in which spirit it is our concern to live.

*[Page 42 – S-101-3]*

We are conscious of the great responsibility resting on the shoulders of you, our government in the decisions you are called on to make, and it is our desire to loyally assist you, as much as lies in our power, to arrive at true and just decisions. So we commend to you these words which we feel embody a basic principle of truth, as many of us can testify who have used them in our dealings with our fellow men: “But I say unto you that ye resist not evil, but overcome evil with good.” The spirit expressed by Christ to his followers in these words is capable of healing, we believe all breaches between men, and nations.

It seems obvious to us that no problem can ever be settled by war. May this not be due to the fact that to oppose force, with more force is a false principle and therefore cannot accomplish the result intended; like using frost to destroy frost, hate to destroy hate, or evil to destroy evil.

*[Page 43 – S-101-3]*

Feeling as we do, you will be able to understand, that under no circumstances could we take any part in war or preperation for war.

The Spirit and principle of love, is we feel capable of bringing that which we all desire, peace on earth, and the upholding of this spirit, is worth suffering, or even dying for. much more than any carnal war could ever be

### **HALCYONIA MONTHLY MEETING OF FRIENDS**

Held at the Thistledale Meeting House on 4<sup>th</sup> day the 20<sup>th</sup> of XII<sup>th</sup> Month 1939

1<sup>st</sup> Minute: The Committee appointed to write too or visit those of our members who seldom attend our meetings for worship and discipline have prepared the following epistle to be typewritten and forwarded to them: -

Dear Friends -----

We feel like Sending a few lines to each of our members - in particular those who are not in the habit of attending our meetings for transacting the buisness of the Society and answering the queries that come up to be answered twice in the year. When a committee of the meeting asked each member if he or she wished to retain membership with us - the answer in each case was in the affirmative so we have felt it best to place before you some of the obligations resulting from that membership and to ask your help in meeting them. One of the first queries and the most important used to be -

*[Page 59 – S-101-3]*

Is there among you any growth in the truth? Surely this is one we can ask our own hearts and endeavour to find a truthful answer. Am I walking in the narrow path of self denial that leads to everlasting life - or am I living carelessly doing about what other people do in the broad and easy way - that leads to destruction. Let us remember there are only the two paths and if we are not on the one we must be on the other. One query asks if we attend meetings regularly? while we realize that distance and weather conditions make this difficult we feel that there are times when it could be done, and would remind you that the ancient promice still holds good, to the truly seeking soul that “where two or three are gathered together in my name - there am I in the midst of them.”

Are Friends preserved in the love towards each other is the subject of another query and another asks if we are diligent in reading the Holy Scriptures in our families.

*[Page 60 – S-101-3]*

And do Friends endeavour to train up thier children in a religious life and conversation consistent with our Christian profession? Our testamony against war is so well known

and understood that the only query that refers to it says “Are Friends clear of complying with military requisitions and of paying any tax or fine in lieu thereof?”

These are some of the questions to which we send written answers to Canada Yearly Meeting with which we are incorporated. So we feel to answer these queries is a greater responsibility that when we were a separate meeting personally knowing the existing conditions of our members. We feel to need your presence and cooperation. And as we gather together in the meetings in which the answers to the queries are read especially it would tend to our growth in unity love and spiritual strength. A closer Cooperation of all the members of our Society would tend to enlarge our usefulness to the Society and too the world.

*[Page 61 – S-101-3]*

If any of you would like to have some of us come to talk this over with you we would be pleased to arrange it. In conclusion dear friends we would tenderly advise you to take these things into your very serious considerations & remain your Friends.”

To the Friends of Thistledale Monthly Meeting.

Dear Friends

My heart has been tendered in remembering you greatly desiring your preservation and growth in the Truth and in the saving knowledge of the Lord, and that you may daily be concerned to gather the Heavenly Manna the living Bread to nourish and satisfy your souls. Oh, think not any called for sacrifice to great, remembering the great price paid for our redemption, even the sacrifice of the Lamb of God without blemish and without spot, who has the right to the FIRST place in our hearts. who created us for His own Glory, who have nothing to offer Him, all we have and all we are being His own.

*[Page 66 – S-101-3]*

Think not His service grievous but rather joyous, earnestly desiring that His will may be done on earth as it is done in Heaven, which if REALLY petitioned from the heart comprehends almost every thing, yes everything In the love of the Gospel your Friend (signed)

Dear Ernest, I am writing to thee on behalf of a committee. J E Hinde and myself who have been instructed to write to thee regarding thy membership with Friends Since we heard thou had felt free to join the army our meeting has been concerned that we should take the right attitude and action towards it.

It having always been a fundamental tenet of Friends that they could not go to war. We feel sure thou will understand that ~~they~~ we feel that at present it is best to remove thy name from the list of members.

*[Page 82 – S-101-3]*

We greatly desire however that thou will not feel that this will affect our feeling of friendship and affection in any way and our interest in thy preservation and welfare will, I feel, if anything be increased; knowing somewhat the dangers and the trials that may lie before thee. We all feel how far short of the highest service we fall, and feel how much we would be strengthened if ever thou feels that thou can unite with those views and principles which Friends have always held and feel it right to apply for membership again. 1<sup>st</sup> Minute The following letter was prepared by the committee appointed at our last monthly meeting and is directed to be forwarded to Canada Yearly Meeting.

*[Page 94– S-101-3]*

To Canada Yearly Meeting

Dear Friends

3.VI Mo 1942

For some time we in this meeting have felt that we are not sharing responsibility as we should in Canada Yearly Meeting. We want to convay our feeling of love and a concern that we all together work for the Truth. Many of our members are grateful for the work done in connection with the Historic Peace Churches in arranging Work Camps for our boys of Military age. Others of us feel that this alternative service does not express our personal convictions altho we are thankful the provision has been made for those that can feel at liberty to take advantage of it. And further we feel that Friends testimony regarding war is not primarily founded on argument or reason based on our interperation of the Christian doctrine as set out in the Holy Scriptures, though an unassiable position may be found for the testimony in that way, It is rather based on a realistic, individual, and corporate experience of the living truth that lies behind the Christian doctrine of which the Bible tells.

*[Page 95– S-101-3]*

By nature we are at enmity with God, ~~by the testimony of thier own changed lives~~ and with one another, and war, and the disposition that leads to war, is woven into the very fibre of our beings. And without a complete change taking place in our natures no methods we may use, no human attempts to abolish war can succeed. Friends were originally called to show forth the power and purpose of God by thier own changed lives, by hearts cleansed from the acts [...]

Dear Friend,

I enclose a Notice of Removal – not involving transfer of membership on behalf of John and Joan Eddington and family.

Secretary to Warwickshire Monthly Meeting

*[Page 97 – S-101-3]*

[...]and motions of a nature that was ~~abhor~~ abhorrant to Him, and filled with His spirit, which enabled them to love thier enemies and do good to all.

With this spirit and power in thier possession, thier eyes were opened to see the mind of God, and to understand, in some measure, His plan and method to save the world. It was then they began to tell others of the power of God to salvation, working through the inward light in the very seat of war, the unregenerate heart ~~which~~ of man ~~is a way~~ of repentance and change, and a willing obedience to His will and way, which is a way of peace and order and brotherhood War was not denounced as a sin to be renounced piecemeal, but was seen in its right perspective as the inevitable outcome of lives lived apart from Gods control, and the cure for it was seen to lie in bringing people to God so that thier natures were transformed by His grace.

*[Page 98 – S-101-3]*

To day too, we are called to the same purpose, the same power and vision is available to us, and the same need of change.

If we accept this purpose and this power and this way of life, our meetings will become bodies of genuine peacemakers between God and man, and between man and man, our

young folks will lose thier indecision and aimlessness in the discovery of a quality of life which is full of creative purpose and strength to build a new Jerusalem.

With a Saluation of Love we are your friends,

The Board of Division M.  
Department of Labour, Saskatoon

Dear Friend:

This Meeting of the Society of Friends wish to make the following statements, to you, regarding one, Cornelius R. Penner whom you have recently examined because of his convictions concerning war and whose case you are still investigating, we understand.

That we know him intimately and are convinced of the genuineness of his objections. That he is a frequent attender of our Meetings for Divine Worship and that he has refrained from applying for membership because this action might be construed as seeking protection ~~thru~~ through the Society.

We would therefore most earnestly request that the same consideration be given him that is accorded members of the Society. And, urge that he be granted the full exemption that he asks.

There has been no request of any kind from him for this appeal on his behalf. Only our concern for him has induced us to make it.

Signed on behalf of the Halcyonia Monthly Meeting of Friends.

Clerk.

Wake and J E Saunders as members of the Representative meeting asking us to consider and send our views on the subject of holding our next Yearly Meeting at Newmarket at the same time as the Progressive and Hicksite Yearly Meetings, holding separte sessions but with the opportunity of holding some sessions jointly if thought desirable. An informal meeting was held after our meeting for Worship on First Day the 1<sup>st</sup> of Eleventh Month and the proposed step was freely discussed. J. K. Wake & J.E. Saunders seperatly ~~discussed~~ addressed letters to the Reperesentative Meeting giving the views of this meeting that in our opinion we would much prefer that our Yearly Meeting be still held at Norwich as we were fearful that the proposed step was a definate move towards unity especially with those who have never Publicly repudiated the doctrines of Elias Hicks.

Dear Friends

From our meeting we send you our warmest greetings. As you gather to attend your half years meeting, and desire that you and we may grow in Spiritual strength, and in those bonds that bind the children of God the world over.

No doubt many of you have been wondering what our attitude is toward the proposed union of the three groups of friends who over the years have met together at Yearly meeting.

One thing we do feel is. that as we are a denomination there should be a plain statement

*[Page 153 – S-101-3]*

of our doctrines. which is acceptable to the friends of each of the three groups. Scripture instructs us to “be of one mind” Let us therefore start our new relationship with one mind about the foundations of our faith. Some of us have read a good part of the 1<sup>st</sup> Volumn of “Christian Life and Thought in the Society of Friends” with much interest. And though we have not assessed it as fully as we should, yet we have found so much in it with which we completely unite. that we do feel it could form a basis for a book of our own, either in its present form as has already, we beleive been suggested, or with minor alterations or additions.

While it is true that common assent to a statement of doctrine cannot in itself create spiritual unity, yet we beleive it is in this case an important ingredient in that unity.

As we know friends in early days protested the excesses of the times by plainness of cloths speech and worship. To a great extent these protests have been effective. today we enjoy the results of these early testimonies.

To day we have new and further testomoinies to our own times. [~~Disease~~] Division is the disease of our age. As Friends we know that unity is only possible by accepting and following Christs spirit. With a salutation of love we are your friends signed in and on behalf of Halcyonia general meeting,  
J E Saunders Clerk.
