Lobo Township is in Middlesex County and situated a few miles west of London, Ontario. The township was settled around 1834 in part by Quakers from the Pelham area and directly from Pennsylvania. In 1849 the growing Quaker community was granted indulged status by Norwich Monthly Meeting. In 1850 the first meeting house was built. Soon the meeting house was no longer adequate and was replaced by the current brick meeting house in 1859 at the small village of Coldstream. In 1857 the meeting became a Preparative Meeting under Norwich Monthly Meeting and this minute book starts at that time. Arthur Dorland in his *A History of the Society of Friends (Quakers) in Canada*, 1927 & 1968, states that Lobo Meeting became one of the most progressive centres of the Hicksite Branch of Friends in Canada [172].

In 1893, since Lobo was the most active meeting within the Monthly Meeting it was decided that the name of Norwich Monthly Meeting should be changed to Lobo Monthly Meeting [Dorland, 172]. According to Jane Zavitz Bond, in the 1980's Lobo Monthly Meeting became Coldstream Monthly Meeting and Yarmouth was set off as Yarmouth Monthly Meeting at Sparta. Coldstream is still an active meeting and Coldstream Friends Meeting has a website at coldstreamquakers.com.

Report sent to the Yearly Meeting held at Toronto on 2nd day the 14th of 6th mo 1909

Dear Friends

As this season of animated life comes to us, we are reminded of our duty to report to you our condition as a First day School

We are grateful to note that after our usual winter rest of nearly four months we opened on 4th month to find the life and interest in our school in keeping with the present state of nature Our total enrollment is 66 with an average attendance of 43. This is slightly below last year but sickness is somewhat accountable for it. We have six classes; the two youngest classes take the lessons printed in Scattered Seeds. The next take those prepared by the General Conference on the "Life of Jesus", and the other three classes "The Life and Work of Paul prepared by General Conference.

A review is conducted alternately by the Superintendent and the three teachers taking the Lesson on "Life and Work of Paul".

Page 27

Smith's Supplementary Bible Questions as revised by a committee for that purpose, are asked and answered by the school

A select reading is given by the various classes in turn and the school is then properly dismissed

The following weekly papers are distributed viz;
Young People's Weekly, Weekly Welcome and Dew Drops besides Scattered Seeds

The management of the school is in charge of a committee appointed by the Preparative Meeting, and for years we have held a picnic during the holiday season, at which a short time is spent in rendering a programme, a large number of the members taking part. At the close of each quarter we hold a session in the afternoon on philanthropic work. Our membership is divided into four sections and each section takes charge of a different subject or set of subjects, such as Temperance Peace, Purity, etc. These meetings are held regularly, so that each section holds one meeting each year, and it tends to fasten the interest in the school while it is closed in winter months

Report 1910

Report sent to the F.D S Ass. of Genesee Yearly Meeting to be held at Coldstream 13th 6th mo 1910

As Yearly Meeting week draws near, we are reminded of our duty to report our condition as a F.D.S. – a duty we feel many times like allowing to pass unnoticed but for the fact that we know too well, the great encouragement that comes from some of the most feeble efforts of a fellow toiler doing his duty, all unconscious that in that simple act he assists even those who are strong. We trust that from our report though lame and feeble it may seem to us and few its accomplishments may be, that a spark may catch in some small material that has been made ready somewhere for a small fire that it may glow and grow to a blaze and that workers will add more and larger material till the blaze of enthusiasm leaps and bounds forward like a prairie fire, or rather with the force of the cataract harnessed to the wheel

Page 33

Our school opened this year as usual on the first Firstday in 4th month, which this year came on the third day with an attendance of 42, divided into six classes, two primary classes using lessons from Scattered Seeds, one intermediate class completing the Lessons on the Life of Jesus, to be followed by the Lessons on Bible Heroes, both prepared by the General Conference Committee; one intermediate-sr, class one young people's class, and one adult's class taking up the Life and Work of the Apostle Paul, also by General Conference Committee.

We have 62 members on the roll with an average attendance of 44 which is a little increase over last year Our philanthropic Sessions one of which is held at the close of each quarter, in

the afternoon seem to be increasing in interest, and work is being done which we trust will bloom and come to fruitage in the near future

Page 34

At the close of the school a, few minutes are taken up with review – the Primary classes take one corner and their teachers alternate in talking with the members of their classes

The teachers and Superintendent alternate in reviewing the other lessons with a view to impress the most important points of the various lessons upon the minds of the scholars.

When time permits, questions are asked from Smith's Supplementary Bible questions and we finally close with a selection from one member chosen from the respective classes alternately We distribute weekly, Dewdrops, What to Do, and Young People's Weekly, besides Scattered Seeds monthly.

We have a library of moderate proportions which is prized and patronized by our members and which we endeavor to frequently replenish

The townships of Lobo and East Williams are organized in an Association under the County and Provincial Associations and we feel that much strength and encouragement is gained from being members of such an inter-denomenational organization. S P Brown Super[cut off]

The committee presented the following report to the Preparative meeting held 7th of 12th mo 1910

The school was divided into 6 Classes 2 primary classes used lessons from Scattered Seeds One intermediate class completed the lessons on the Life of Jesus then took Bible Heros, both lessons were prepared by general Conference Committee. One intermediate senior class one Young people's class and the adult class continued the Life and Works of the Apostle Paul, also published by General Conference

Since our appointment there has been 4 sessions devoted to Philanthropic subjects

We have 62 names enrolled and the total attendance has been 1521 with an average daily attendance of 38 although this is a slight decrease from last year we do not feel that there is cause for discouragement as there has been a lively ~~interest~~ interest shown and we feel that our society would experience a loss if we do not continue our F.D.S.

We have distributed Scattered Seeds, Dew drops What to Do, and Young People's Weekly and 2 volumes of Nature Study have been added to the library

Page 36

We have drawn \$20 from treasury which with balance from last year gave us \$21 which we expended as follows.

16 copies Scattered Seeds	\$5.60
14 copies Dew Drops	2.31
10 copies What to Do	1.76
17 copies Young People's Weekly	6.63
To Sabbath school Ass.	1.50
Postage	.29
2 Vol. Nature Study	1.10
Postage to Canada increased	<u>.46</u>
Total	\$19.65

Leaving balance on hand of \$1.35

We feel that the management of the school in this way is proper, and we trust that each member of the new committee which may be appointed will very thoughtfully endeavor to bring new ideas which may be worked out for the betterment of conditions and increase the interest that not only exists but earnestly lives

The following report was presented to the Prep meeting

The committee appointed a year ago to take charge of the F.D. S. met for organization, and held two meetings previous to the opening of the school on the 2nd of 4th mo. Our total enrollment this year is 69 teachers and officers divided into seven classes as follows One beginners class and first primary class taking lessons published in scattered seeds 2nd primary and 1st intermediate taking Bible Heros published by F D S com 2nd intermediate, Young People's, and Adult classes completed the Life of Paul. These three classes then joined with the classes taking Bible Heros to aid in making the characters of these lessons which were just at the junction of the old and New Testament more forceful for the benefit of the Junior classes. These lessons were completed leaving four days without lessons provided. The committee deemed it wise to supply subjects instead of breaking into new lessons and did so with the following

- I The parable of the sower. II Baptism.
- III The Atonement. IV Prayer.

Page 41

These subjects and the requirements quite satisfactory

The interest in our school this year we think has been very pronounced. The attendance was good with an average of 51+ in 31 days the highest was 71. and the lowest 33 This average however does not include the attendance at the two sessions of Philanthropic work. which when calculated makes the average 48 or an increase of 10 pupils each day over last year. We distributed Young People's Weekly Dew Drops, What do To, Playmate and Scattered Seeds. Playmate being the only Canadian publication. All are Weekly except the Scattered Seeds which is Monthly. Additions to the library were The Life and Labors of Elias Hicks by the Preparative meeting. The Quaker Boy on the Farm by a friend An English work on Peace, by contributions of Phil Session. Also some Purity Literature coming Montly subscribed for in a similar manner. The Phil sessions have been held regularly, as usual at the close of each

quarter. The subjects being freely discussed and some action taken The com considered the idea of starting a Home Dept and cradle roll and made appointments to take charge of them but way did not open for definite work in these times. A very enjoyable picnic was held.

We commend the system of management by com for the future

The winter session met in two classes after meeting continuing the study of Bible finishing the Epistles of Paul to the Romans.

The Adult Class entered upon the study of the series of lessons prepared by Friends General Conference the first quarterly of which is entitled "The Old Testament Idea of God" The second quarterly, "The New Testament Idea of God". They have been found very instructive the only difficulty being the fact that too little time is devoted to preparation to get out of them and make it our own a real measure of that which the Author has put into these lessons. They are as full of food for thought and practical application as an egg is of meat.

Page 117

The Young Peoples classes are studying the Bible starting at Creation and have finished the book of Genesis. These classes are equally interested in their lessons and appreciate the effort their teachers have made in helping them to become interested in Bible history.
